

**KINDERGARTEN
AVAILABLE IN
ARL. HEIGHTS****Boon to Local Parents
with Children Under
School Age**

Parents of children just under the age being permitted to enter the first grade in the Public School will be interested in the Kindergarten class being organized under the auspices of a group of mothers in Arlington Heights. The facilities of the South Division Public School on South Street near Mitchell street have been made available and the Kindergarten teacher, Mrs. Johnson, will have charge of the class. It is reported that a class of about 25 has been made up of Arlington Heights children, and there will be room for as many as wish from Mt. Prospect.

No Kindergarten Here
In previous years the District 25 school has operated a Kindergarten but this year, because of lack of funds, a teacher was not provided. The parents of the District have met the need of a school for the youngsters by making up a class on a subscription basis to pay the teacher. The School Board has provided the room and equipment for the class, which will be conducted every school day from 9:00 till 11:30 a. m. The charge being made is fifty cents per week for each child. Mrs. O. M. Baldwin of 1109 North Dunton street, Arlington Heights has taken the initiative in the organization of the class, and has been receiving calls for information from interested parents.

Board Limits Youngsters
There are undoubtedly a number of children in Mt. Prospect who should be starting in school work and this class in our neighboring town is a great assistance to the parents of the Village who do not wish to have their children stay out of school until the next term. The schools of Arlington Heights have taken children in the first grade whose sixth birthdays came before February first. The ruling of the local School Board limiting entrance to children who will be six by January first is being adhered to, with the result that there will be several children who will be six before the end of the first half-year work, and thereby eligible for first grade, if any arrangements are made to start children at mid-year. Members of the School Board have expressed the opinion that this cannot be done, although the training afforded by the Kindergarten class may make it possible for the local school to absorb the beginners at mid-term without difficulty.

**Council Chamber
Now Looks Like a
"Million Dollars"**

Arlington Heights now has a real council chamber. It looks like a "million dollars" but only cost about \$250. Hereafter meetings of the village board will have a setting in keeping with the sixty odd thousand dollars worth of business that it transacts each year. The old conference table around which the village board of thirty and forty years ago gathered has memories but it has looked out of place ever since the new municipal building was completed.

Whoever it was on the present village board who suggested new office furniture, he did not need to make any apologies Monday night when the new furniture was initiated. The entire municipal chamber had a new look. Seats for the spectators were rearranged and when the mayor sounded the gavel the meeting opened with a solemnity that was never possible under the old arrangements.

The seating of the village board is upon a platform, around which there is a railing with three entrance gates. In the foreground, the mayor's desk is on a dais, with seats on each side to be occupied by the clerk and attorney. At the mayor's left are the desks of three aldermen, while on the right, the other three have their places. A table with two chairs occupies the center and will be useful in the display of maps and other references; it is also available for the press. The woodwork is in golden oak and was given as fine a finish by Donald Grooms as could have been done in any furniture factory. A basket of flowers from Klehm's was in evidence in honor of the occasion.

There was no assignment of chairs, the aldermen selecting their own. Alderman Barrett was not present, so will have to go to the "foot of the class," occupying the last chair at the extreme right.

Will Charge Judges
On assumption that a judge presiding over a hearing held in such surroundings, will have a dignity to his court not heretofore possible, the village will ask that out of the costs of all cases held in the village hall, other than municipal, one dollar will be paid into the village treasury as rent.

OLD TIME DANCERS
The sponsor has been urged to run another old time dance at Meyer's Park Saturday, September 23. Come and get acquainted with the old timers and the sponsor. See ad. section for details.

**Arlington Heights
Board Holds a
Quiet Meeting**

It was all routine business at the Arlington Heights village board meeting Monday night with nothing of special note coming before that body. The members were occupying for the first time, their new seats and the only thing lacking was the presence of O. G. Barrett and a photographer to take a snapshot of the board in its new surroundings.

On the call for the report from the buildings and grounds committee, Alderman Klehm pointed to the new equipment, which spoke eloquently for itself. The improvements in the building are not alone in the council chamber. The two pump rooms are being painted and a change made in location of one of the motors.

Mr. Klehm also suggested that the dwarf elm trees adjoining the Peoples Bank receive proper attention.

The street committee reported on numerous repairs. The police committee presented a letter from the Park Ridge Laundry protesting against the summons given to their driver, claiming that the truck is owned by the laundry organization and not by the driver, also the reply of the police department, calling attention of the company to the fact that said truck has no vehicle tag from any city, also submitting a bill for local business license.

Vehicle Tag Drive Succeeds
The recent drive for vehicle tags by the police department has been successful. The police committee reported that a total of \$230 for 82 tags had been received since the drive started. Fines received the past month total \$21 with \$26.75 from the sale of dog tags.

Trustee Framberg of the sewer committee reported that the sewage disposal station was very much bothered with acid from the Creamery Package Co., and he recommended that an amendment to the municipal code be prepared regarding the dumping of acid and oils into the sewer. Mr. Framberg stated that he had found the officials of the creamery package ready to cooperate in any way possible in an endeavor to combat the nuisance; that company offered to furnish the lime that is required to neutralize the acid at the plant.

Title for the cooperative laying of a sewer on So. Walnut street was reported on the ground. Bills and payroll amounting to \$1,722.17, were passed for payment when funds are available or by tax warrants.

A report from Auditor Laurin regarding the need of carrying the present audit down to date before an adequate report could be obtained on the condition of the corporate funds was read and on motion Mr. Laurin was authorized to continue his work at a total cost of not to exceed \$225.

Attorney Thiel was directed to advise the board if payment of sales tax on sale of city water was necessary.

Recommendation was made that an ordinance be passed limiting parking of cars in the business district between the hours of 1:00 a. m. and 6:00 a. m. Attorney Thiel reported reluctance of certain creditors to accept tax warrants for less than the full amount of their claims against the village for the erection of the municipal hall, the contractor for which lost his life prior to the settlement of the job.

The red tape asked by the government regarding before action could be taken on the application for the \$50,000 loan is requiring an exhaustive study of the village finance, particularly that of the water department. Special meetings of the finance committee with the attorney and other board members were arranged in an effort to have all of the data completed this week.

**Wm. H. O'Berine Is
New Treasurer At
Vill. of Wood Dale**

Following the resignation of Albert U. Smith, treasurer of the Village of Wood Dale last week, the board of commissioners appointed Wm. H. O'Berine as treasurer to fill out the unexpired term of Mr. Smith. The village is unusual in that a number of its officials, including the treasurer, are dollar a year men and receive no salary. The composition of the special assessment records which were turned over to him by his predecessor, was given by Mr. Smith as the reason for his reluctance to serve.

**Believe It Or Not, 16
Varieties from 1 Seed**

There was a "Believe It or Not" in the Schoppe window at the Palatine festival that Herman Zoelich, the grower, claims is based on fact, he having the proof on display. He gathered seed last year from a mushroom squash, which he planted. From these seeds there grew sixteen varieties of squash. It is rather hard to explain unless by the exchange of pollen.

Daylight saving time ends for the year at midnight Saturday. An extension of daylight saving time was considered by Chicago at the suggestion of World's Fair officials, but after investigation it was decided to go back to standard time on the 28th.

**RELIEF MEN
BUSY AT WORK
IN FOREST PRES.****Big Projects at Small Cost
to County; Small Army
in Improvement Work**

Funds of the Illinois Relief are doing double duty. The same dollar that buys groceries for the unemployed families is making possible a great improvement project throughout the Cook county forest preserves. Heads of families engaged in the improvement work are being paid in cash for their labor and are entering whole heartedly in giving a day's work for a day's pay.

Until recently the unemployed in the country towns have been out of this picture, but with the coordination of the relief work of the entire county under one head, men of Palatine, Wheeling, Elk Grove, and other county towns have the same opportunity to earn relief money as do their city cousins.

A visit to headquarters of District No. 1, at Dam No. 2, on "opening morning" last Monday was enlightening to a representative of the citizens of the Northwest towns, having no idea of what is really taking place in the forest preserves and the great work that is being done by Geo. Olcese, the district superintendent. Mr. Olcese is one of the surprising things in the district. Soon after entering upon his duties as forest preserve superintendent, he threw politics out of the window. There are no easy jobs for political appointees. There are many Republicans on the payroll. A man is measured by the work he does, not by the way he is marked by ballot at the last election. Every man in the Olcese district knows that he is expected to earn his salary check. A job in the district is not "easy money" for anyone. They do things and go places in that district. Mr. Olcese in many instances has blazed a trail along new lines in county forest preserve work and practices and today under his direction there are springing into actuality, improvements and projects that are costing the county very little money, but which in the old days would have meant fat contracts for somebody.

What is really taking place under Mr. Olcese is to be the subject of succeeding articles in this paper, but the writer of this article is more interested this week in the 160 men with lunches under their arms, a brightness in their eyes and an alertness about their bodies who answered roll call at headquarters at 8 o'clock last Monday.

There were many familiar names called, some of them were old neighbors, everyone of them glad of the opportunity to earn an honest day's pay. Each and everyone knew how every penny of the \$25 he would receive Friday night would be expended. They are in the habit of counting every penny and here is a schedule taken from one man's identification slip: Food, \$5; gas, \$3; rent \$15; carfare, \$2. That does not leave anything for luxuries, but the holder of that slip was happy. He was glad to be present and responded wholeheartedly to the question made by Supt. Olcese, who in ten minutes time had told the men what it was all about, what would be expected of the men, the penalty for playing "hokey" and assigning the work. The men had been brought to headquarters in county trucks, by classifying them according to trades an approach to 100 per cent efficiency was attained. However, there are no white collar jobs and the boys who have been accustomed to working at desks, found themselves with wheelbarrows and shovels, and they seemed to enjoy it.

Monday morning there was a call for six carpenters. It was not difficult to locate the men, present in that trade. A dozen painters was as easily obtained.

The only trade for which there was a call Monday and for which Mr. Olcese failed to find his man was a piano tuner. One third of the men present were from the county towns. Two thirds of the entire number were directed to the men not to hurry so fast in entering trucks when coming to work, so that legs are a foot race at the end of the day to see who is going to catch the first truck home. Lunch time is only a half hour. The forest preserve is large, but few men have ever succeeded in getting lost from their work.

Three men who tried such a method, found that their pay check for that day had also been lost. Foremen for the workers were recruited from the regular forest preserve employees.

Within thirty minutes after the men left for their jobs, a tour of inspection found the gangs at work. One company was leveling off a 1,000 car parking space; a number of laborers were in a gravel pit loading trucks with material for resurfacing roads; others were cutting grass in reforestation area to protect new trees, etc. A tractor was plowing fire hazards; painters had been dispatched to Deer Grove

OTHERS APPRECIATE

The American Institute of Park executives and American Park Society met in convention in Chicago this week. Upon their tour of inspection, members visited the forest preserve along Des Plaines river. Much praise was given by these visitors to the work of Mr. Olcese.

Cook county people will visit and view public parks in other states and come home with stories of their wonder. Yet Cook county and declare that the forest preserves of this county, are the finest in the country. The people of the northwest towns have grown up with their forest preserves and yet 90 per cent of them do not realize their beauty or advantages.

**BARRINGTON
DEFENDANT IN
ASSMT. CASE****Ask Accounting on 17 Special Assessments; Charge Funds Commingled**

The village of Barrington has been summoned to appear in circuit court of Lake county to answer as defendant in the case of C. S. Castle and other bondholders seeking an accounting of special assessment funds.

Charging that the village treasurer of Barrington during the period of collections for special paving assessments commingled the funds received on sundry installments, commingled the principal and interest accounts, commingled assessment funds with general village funds, paid out money from assessment funds to retire over-issued and forged bonds, deposited money in unsound depositories, used assessment funds to pay general corporate obligations, a committee representing a bondholders' protective organization had filed suit in circuit court of Lake county asking the court to require a complete accounting of all funds collected on 17 special assessment projects.

Central Republic Group
The complainants listed nearly every possible form of improper handling of assessment receipts. Whether they will attempt to prove all of these allegations is a matter for conjecture. Apparently the suit was filed for the chief purpose of attempting to hold the village as a whole responsible for any deficits or losses in the special assessments. There is now pending before the supreme court a similar case which when decided will determine whether default financial responsibility for defaulted special assessment bonds can be placed on the municipalities.

painting buildings. A small gang had been sent to Northwestern park. Carpenters were busy. One gang with cross cut saws and axes were cutting up wood, while the older men were put at gathering waste paper that had been left the preceding day by the crowds of Sunday visitors.

To an onlooker the business of putting a gang of 160 men to work at a dozen or more jobs appeared as a big task. To Olcese and his assistants it was a few minutes job and where headquarters yard had been filled a few minutes earlier, as the last truck left, the only sound was that of the cross cut saws and the ring of the telephone every few minutes bearing messages from other districts asking for men or materials or giving reports on work.

It is a busy place around Dam No. 2 five mornings and evenings of each week. What is taking place throughout the preserve will be told next week.

This is one of a series of articles to acquaint our readers with what is taking place in our forest preserves.

**Lutheran Pastor
Answers Arl'gton
Heights Critic**

The sensational charge against religion, raised by Arthur Brett Hewson in a statement to the Chicago Daily News and republished in the Arlington Heights Herald Friday, Sept. 8, demands a clear-cut answer.

The radical nature of this charge becomes evident, when we pause to consider what this enemy of religion is really saying. He is not satisfied to limit his statement in any way. It is not enough for him to assert that religion is dying or losing ground. Such a statement would evidently be too tame and diluted. He is determined to ring the bell of public attention at all costs. In order to catch the public eye he must break forth into print with an extreme charge, something that will shock and scandalize the reading public. Only thus can I explain the radicalism contained in his statement: "Religion is Not Only dying, but is quite dead."

Now if Mr. Hewson's English means the same as Webster's English, he has the effrontery of declaring in effect, that real religion is extinct as "dead as the do do," wiped off the face of the earth. In other words, there is absolutely no true religion left on this globe. The mother kneeling before the crib of her child and teaching him to pray to the Father — is that merely a beautiful custom without any real meaning? The old grandmother devoutly reading the good old Book thru eyes dimmed with tears of life, and drawing from the Bible spiritual strength in her declining years — is that also mere self-deception on her part, an old habit without any reality? A congregation of worshipping Christians, singing the old Gospel hymns, joining their hearts in prayer to God, bearing the old Bible truths emphasized by sincere preachers, lifted up from the paltry things of life to the sublime realities of the soul's life — is all that mere form, mere pretense, empty, meaningless gestures, from which the spirit of true religion has fled? That, however, is exactly what Mr. Hewson wishes to express as his conviction, and it is on that ground we feel compelled to denounce his statement as a cheap and vicious condemnation of all religion.

It is not my purpose in this instance to appear as a champion of the church, though I am professionally a promoter of and a believer in one of "these strange, half-beneficial and half-racketeering organizations called collectively, the church" (quoting Mr. Hewson). True enough, not all churches can escape the point of this harsh charge. I refer to those so-called liberal churches, which have set the Bible aside as the one infallible authority in religion, and have rejected the simple Gospel of the crucified and risen Savior. These churches have lost their religious character and are attempting to hold the interest of their members by meddling in politics, promoting law and order, trying social experiments, working for world peace, telling the government how

**NRA May Ban
"Loss Leader"
Retail Sales**

That the NRA will seek to ban "loss leader" selling from the retail field was announced yesterday by Deputy Administrator Whiteside. A code of fair competition for the general retail field is now being drafted.

It is said that the code will carry a price control provision framed so that every merchant would be required to keep his minimum prices at 10 per cent above "wholesale delivered price" of any merchandise except special sales. The aim of this provision is to limit the retailers' losses and to prevent the continuance of "loss selling" by which merchants attract customers with low priced goods in the hope that they will also buy items bringing a much higher profit.

The clause in the retail code carrying this provision now reads: "In order to check predatory price cutting and minimize operating losses resulting therefrom and in order to assure that the retailer shall be at least partially compensated for the service he renders the consumer, on and after the effective date of this code, no retailer shall offer for sale, sell, exchange or give away any merchandise, except as provided in Section 2 of this article and in schedule A hereafter below a minimum price which shall be the wholesale delivered price as hereinafter defined with the addition of a charge of ten per cent.

**Boston Terrier Puppy
Wins First Blue Ribbon**

Play Boy Hagerty, 10 months old Boston Terrier puppy, won his first blue ribbon last Sunday at the Northbrook Kennel Club all-breed show.

Play Boy Hagerty is royally bred. He comes from champions on both sides of his pedigree. He carries nine champions in four generations. This prize winner was exhibited by Mr. and Mrs. Paul Arnehan, of Arlington Heights, whose dogs have been prize winners in every contest in which they were shown.

**BYRD SPONSORS
BICYCLE ROAD
RACE IN OCTOBER****Revival of Old Elgin-Chicago Event, to Pass Thru Arlington**

Thru the efforts of County Commissioner Homer J. Byrd, a booster of clean amateur sports, the annual bicycle classic, the handicap road race from Elgin to Chicago, will again be staged. The assurance of Commissioner Byrd to sponsor the race has created a tremendous interest among the bicycle riders and fans throughout the county and particularly among the Belgium, Danish, German, Swedish and Polish Bicycle clubs whose members take to the bicycling sport as a national pastime. This interest of the foreign riders along with the natural appeal that this race has for the bicycling fraternity in Cook county means a large entry list.

The race has been sanctioned by the Amateur Bicycle League of America and will be sponsored by the Homer J. Byrd Athletic club. The League has requested that the race be increased from the former distance of thirty five miles and the officials of the Homer J. Byrd organization have mapped out a route of 46 miles, the grind starting at Elgin and following through Route No. 22 through the towns of Dundee and Algonquin to the Northwest Highway, right along the Northwest Highway thru the towns of Cary, Barrington, Palatine, Arlington Heights, Mount Prospect, Des Plaines, Park Ridge, then left on Touhy avenue to Milwaukee to the finish line one half mile east at the Emmett Wheelan Pool.

The winner of the long grind will receive the Homer J. Byrd trophy and in all some thirty beautiful silver trophies will be awarded the various winners of both time and place. Entry blanks are now available and the same can be secured by writing Geo. B. Olcese, chairman of the Racing committee, at headquarters, Room 1018, 14 West Washington street, Chicago.

**Myrtle Scharringhausen
and Ferd. C. Blohm are
Married in St. John's**

There was a pretty church wedding at St. John's church, Arlington Heights, at 4:30 o'clock Saturday afternoon, Sept. 16, when Miss Myrtle Scharringhausen became the bride of Mr. Ferdinand C. Blohm. To the strains of the wedding march played by Miss Esther Ellerbrake, the bride entered on the arm of her father, A. B. Scharringhausen. She was attired in bridal white satin with train and carried white roses.

Her sister, Miss Grace Scharringhausen, was maid of honor and was dressed in pink, carrying pink roses. Alvina Scharringhausen as maid of honor, was attired in green and carried Talisman roses. Louise Scharringhausen, niece of the bride, was dressed in green and carried a basket of flowers.

Wilbert Niebuhr was best man and Ben Helfers and Aubrey Netville were ushers. Miss Irene Schram, of Crystal Lake sang, "I Love You Truly," and "The Lord Is My Shepherd."

Following the ceremony a reception and wedding supper were served at the home of the bride. The time passed quickly for the seven guests who enjoyed the evening, leaving for home after a midnight lunch.

Mr. and Mrs. Blohm left the following morning for Niagara Falls and on returning will reside in the flat in Henrichs building, 406 N. State Road.

Mr. Blohm is employed at the Schmidt Bros. Food Store, while the bride has been employed at the Peoples State Bank, a number of years. By their contact with the general public, both have a large acquaintance and many friends, whom the Herald joins in extending them congratulations.

Pre-nuptial events included a chivalry given by the Semper Fidelis class of St. John's church and a shower given by the choir.

**Miss Mildred Busse
Bride of Elmer Benhardt**

Miss Mildred Busse, daughter of Mr. and Mrs. Louis F. Busse, became the bride of Mr. Elmer F. Benhardt at Itasca, son of Henry Benhardt at the home of the bride's parents, Saturday, Sept. 16, at 3 o'clock. Rev. F. L. Gehrs made a very interesting sermon, and united them in holy marriage.

The pretty bride wore a gown of white cotton crepe and carried a bouquet of white roses and lilies of the valley. The bride's attendants were Mr. and Mrs. Fred Boehne, Jr.

After extending congratulations, a happy afternoon followed. At about 6 o'clock in the evening a beautiful supper was served to about 60 guests. They all went home after a midnight luncheon wishing the couple many happy years of life together.

Beautiful Every School Yard**Otto F. Aken, Superintendent of Schools, Makes This Appeal to the Cook County School System and Community**

(By J. H. PROST)
Consulting Garden Expert for the Cook County School System)

Cook county is fortunate in having had available so able a man as Otto F. Aken to carry on the teaching methods and principals promulgated by the late Edward J. Tobin, whom he succeeded in office. Mr. Aken's long association with Mr. Tobin, as his most able assistant is evidence of their complete and harmonious accord in directing the work of the Cook county school system.

Mr. Aken cannot however, rest upon these laurels. Being a man of action, he sees and feels our present needs and difficulties. His sympathy is with the teacher, whose work and responsibilities have been increased while their compensation has been decreased.

The question Mr. Aken asks himself is "What can we do to minimize the disappointments and help to strengthen the morale of the entire school system? Do the various school boards and public, so undervalue the services rendered by our school system, as to permit without due cause and necessity, and in some cases without protest, these curtailments—or is it true that real estate and suburban homes are rendered for taxes which cuts off our school income?" Whatever the facts, Mr. Aken is determined to go forward with a program of action that will demonstrate that the school can and should be the educational, inspiring and moral influence in the community. "The Cook County School System shall not become demoralized, we cannot stand still awaiting better times and larger salaries," says Mr. Aken. "We must preserve what we have and prove our worth by going forward with a convincing and far-reaching program. We must develop more and better home builders, more substantial tax payers and better politicians."

This program shall provide an inspiration, knowledge, practical examples and detailed suggestions of how every school yard can be made a community garden spot.

If your community needs more home owners, more tax payers, more public spirited citizens, we can get them from the large centers. However, we must make our suburban residential districts, RESIDENTIAL PARKS—make your vacant real estate attractive and desirable for the home builder.

Here our school system can help, and we must begin our campaign, our educational influence in our own yard—the property we supervise, the schools and surrounding grounds. Every school yard should be landscaped from a definite design. It should be beautified with trees, shrubs, flowers and a well kept lawn, and have flower and vegetable gardens for the lower grades.

The Cook County School System has on many occasions been severely criticized for this neglect. Most of our school yards are unsightly, lack planning, few trees, no shrubs, no green lawn and no design for ornamentation. Have can a school yard covered with chard, gravel, clay, dirt and weeds inspire a child to love the beautiful and help hold the parent in the community or inspire them to build a home near such a school?

Every city, town or village that has done school garden work, has aroused civic pride by giving the community better school surroundings. These attractive school centers furnish an incentive to make the home yard attractive. The real estate dealer recognizes the improvement in the appearance of property and appreciates the consequent increase in values. The teachers and school officials of these cities, almost without exception concede the vital interest aroused in the pupil, parent and property owner. People concerned for the improvement and beautification of the community are satisfied that this is one of the effective means to secure that most desirable result.

When we consider what Chicago has spent in developing its gigantic park system, the finest in the world, and what Cook county has spent in its vast Forest Preserve, the largest surrounding any city in the world, we should also consider that to have these costly Public Institutions appreciated, enjoyed and utilized to the fullest extent, we should spend a little money and effort to educate our youth, the citizen of tomorrow in elementary gardening and forestry, so that they can get the fullest benefit of these institutions. Just another far reaching reason for school yard gardening.

School grounds are so beautiful would not only help train the child to know and appreciate the value of gardening, with all its interesting and inspiring phases, but such beautiful school grounds will act as the sample garden of the community, where the home owner can learn by example just how to beautify his own home yard. Beautiful school yards will inspire and train both child and parent to beautify their home and community.

School yards beautifully garden, means, that beautifully garden home yards will follow until the entire community takes on a park like appearance. This makes a sub-

Otto F. Aken means to make the school yards of Cook county more attractive. It is not just "talk" with him. He is bringing into the school system J. H. Prost, whose title is "Consulting Garden Expert for the Cook County School System." The accompanying article outlines the plans. Geo. Olcese, Supt. of Forest Preserve District No. 1, has aided the cause by planting trees and shrubs for three school districts adjoining the forest preserves.

urban community a more desirable place to live, will attract home builders, increase the value of real estate, make property more saleable; and provide a larger and surer tax return for school operations.

Following the planting of trees, shrubs, flowers and grass, will come the school and vacant lot vegetable garden. Pupils of the lower grades, do enjoy this gardening. A vegetable garden should be a part of every suburban home yard. With shorter working hours, more leisure time for the grown ups, shorter school terms, and less opportunities of employment for the school boy and girl—could anything be better, more wholesome, more inspiring, more profitable, be suggested as a school-home project to be carried on by our school system?

A Suggestive Outline
(To be revised, added to and improved upon where possible and desirable.)

1. Have upper grade pupils make drawing and designs for landscaping your school grounds.
(a) Our expert will help with suggestions, instructions and advice.

(b) Credit to be given as for school-home project work.

(c) The best design made to be given meritorious recognition.

(d) A final plan to be compiled from these school plans—approved by superintendent and adopted by the school board as a permanent landscape design to be executed as time and conditions permit.

2. Have lower grade pupils make school yard or vacant lot vegetable garden and flower garden plans.

3. Have pupils and their parents make and submit plans for their home yard beautification. (These to be inspected, improved and approved by garden expert. This to be done at the various school-home project meetings.)

Now comes the question the various school boards and teaching force will ask: "Oh! Mr. Aken, how can we assume added responsibilities and expense when we have been requested to double up in our teaching work and income has been curtailed?" "But," says Mr. Aken, "I have no intention of increasing your responsibilities and nor make demands for larger appropriations. All this is to become a part of and be substituted for our present School Achievement and School Home Project programs. We must help the economic conditions of the child, parent and community. We return to Edward J. Tobin's slogan "Learn To Do By Doing," and there let's hope we have helped the community so they can again help us from increased incomes.

The execution of the landscape design of the school yard should be sponsored by the school boards, in many cases the older school boys, the parents and board members, can do the actual work under the direction of the garden expert.

Trees, shrubs, and flowers needed to execute the plan, can be secured from nurseries maintained by the various park systems and Forest Preserve of Cook County. In many cases public and private donations can be obtained from local nurseries and citizens interested in beautifying the school yard. This has been done in many communities throughout the nation. The older boys can develop and maintain a small nursery near the school. Trees, shrubs and flowers can be propagated from cuttings, seeds and root divisions. These cuttings, seeds and roots can be made and gathered during the fall and winter months, planted in straight rows in the school nursery during the spring months. These plants will be available for planting in accordance with the school landscape design during the second and subsequent seasons.

This nursery and propagating work is simple and most fascinating for the boy. Think what pride, happiness and satisfaction these boys and girls will experience in after years, when as grownups, they return for a visit to the school of their childhood days, where they planted this Elm, that Maple, Lin-don, Ash or Mulberry tree. They will feast their eyes and soul with pride and admiration upon the beautiful school yard they helped to so beautify. This is one of the influences, which develops character, and loyalty to school and teacher. No monument of their choosing could mean more to them, than the (Continued on page 5)

A Silver Anniversary Surprise

The surprised couple were Mr. and Mrs. Albert H. Holmes of West Campbell street, when about 53 of their friends from Chicago, Winnetka, Park Ridge, and Arlington Heights drove out Sunday, Sept. 17, thinking it a most appropriate time and way of showing the Holmes their love and regard for their long friendship.

Of course a mock wedding had been planned and Mr. John Frost officiated. Mrs. F. Housfield as maid of honor, Mr. H. Wehling as best man, Mr. H. Morgan gave the bride away and Mrs. J. Frost as ring bearer, carrying the sugar coated doughnut wedding ring on a large bed pillow. Mr. Gaul, formerly of Mt. Prospect, sang "O! Promise Me," accompanied by Mrs. Gaul. Mrs. Morgan played the famous wedding march and the bride party descended the stairs, marching through the house to the garden. Friends joined the party there to witness the marriage which truly was a joyous affair.

The officiating Mr. J. Frost, had a very appropriate and fine speech prepared, of course, Mr. Holmes had to again promise to "obey" Mrs. Holmes, so the couple agreeing were united.

The bride wore a beautiful lace table cover veil, with short green flowered dress having an attractive wide red belt, carrying a shower bouquet of beets, carrots and green onions. Of course the groom wore the usual frock coat grey trousers and advertising fire chief tassel by his large red hat, also wearing a boutonniere of green onions. The maid of honor's dress was of the vintage of '76.

Mr. A. McKague of Park Ridge gave a fine speech in presenting the wedding gift to the happily married couple.

Wedding pictures were taken in the garden which will bring a smile to the lips of not only the couple but their children and friends for many a day to come.

Folks were busy in the kitchen preparing the wedding supper, which truly was a feast and the table was so beautifully decorated. A center piece consisting of a large silver heart with silver pendants representing the 25 years, was suspended from the center of the heart. A large green tulle bow with green ruffled footing helped carry the color scheme, as the entire table decorations were silver and green, all being beautifully made and arranged by Mrs. H. Wehling of Chicago.

Games were played in the evening and the day as a whole was so thoroughly enjoyed by all. Every one will carry in happy memory the celebration of the silver wedding anniversary of the Holmes, so cleverly planned.

Their friends departed extending the thoughts that only true friendship and love can extend.

Boy Scout Troop No. 7 Resume Weekly Meetings

Troop No. 7 of the Arlington Heights Boy Scout organization will resume weekly meetings Monday, Sept. 25 at the high school gymnasium. The meeting is open to any boy over 12 years who is interested in scoutcraft. Arnold Hottinger, the scoutmaster, will be pleased to talk with parents regarding the entry of their son in the work. Plans are being made for an extensive program during the coming winter with prizes in the form of camping trip for two weeks to the boy or boys earning the most awards. It is particularly desirous to welcome back to troop seven the old scouts who were with the troop in June.

Money Service..

This firm has been able to be of service to a great many people in Arlington Heights and Palatine. This service extends from the cashing of checks to the collection of interest notes, coupons and in many cases the handling of mortgage renewals.

The same service is available to you and your neighbor. If you have money to invest we may be in a position to give you information that will safeguard your investment and insure you a regular income.

P. T. A. NOTES

A reception preceded the first meeting of the Arlington Heights Parent-Teacher Association on Tuesday evening, Sept. 19, at the South school. Outline of the purposes and activities of the various committees of the organization were presented by the chairman to the new president, Mrs. Raymond Atkinson and the members.

A short program to which Byron Baxter and the mens' quartet consisting of Messrs. Davis, Elfeld, Briggs, and Costain, contributed, proved very enjoyable. An exhibit showing the results of guided summer activities for children was presented and discussed by Mrs. Jarvis. Mrs. Jarvis also outlined an interesting plan for the Child Study class in connection with radio broadcast.

A social hour terminated the evening.

AA HAPPY HOME COMING

Neighbors all are glad and thankful to learn that their good friend, Rev. H. C. Fricke, came home Sunday after ten tedious and often painful days in the hospital.

Mr. Karsten brought him in his ambulance as painlessly as the trip could have been made. Great was the rejoicing in the Fricke home and we can vision the dear home-matron and Harriet, the eldest daughter, doing all possible to make their loved one comfortable.

It was indeed a happy welcome home. One can imagine even we Jamie tried to stand on his head. We neighbors are glad for ourselves and in the joy of this household.

The brave young pastor assures us he is hopefully on his way to complete recovery. He hopes to be in church next Sunday, though not to preach. A student will give the sermon. The day is for the Sunday school rally and the children will be sure to form a large assembly.

We congratulate Rev. Fricke on his recovery and join his people in thanking God for his restoration to health, home and his people once more.

"Safety First" Has Brought Changes in Electrical Work

Along with recent Village Hall improvements, the action of Mayor Flentie and the Board in authorizing a complete inspection of the electrical power wiring system of the building, has again proven the old adage of "A Stitch In Time," besides creating employment and effecting the spending of such funds as necessary for needed repairs, in keeping with the spirit of the National Recovery Program at this time.

The removal, replacement and complete rewiring of the fire siren was done by Mr. Geo. L. Kane, a local electrical illuminating and power engineer residing at 1106 N. Mitchell street for the past seven years. Siren wiring is now neatly concealed thruout in its new location. The installation was so satisfactorily handled that a complete check up of all power wiring was deemed wise at the same time.

After inspection, the power wiring system was found to be 200 per cent overloaded, representing a proportionate hazard of breakdown and danger. This was corrected and relieved.

The two 20 H. P. pump motors which were connected up with exposed wiring, offered further hazard. This also was corrected and rewired in accordance with requirements and regulations.

To complete the now dignified and formal appearance of the new council chamber arrangements and equipment, mentioned in a previous issue of this paper, appropriate desk lighting fixtures in harmony with the surroundings, have been installed.

With the general pleasing atmosphere now added to these public quarters, it is hoped a larger attendance of Arlington Heights citizens may be expected, to show their interest in village proceedings by their presence on Board meeting nights.

Mayor Flentie has particularly complimented the speed and efficiency with which the electrical work was completed, and agrees with the Village Board that Mr. Kane has taken special interest and pains in his execution of the work as well as in offering valuable suggestion for safety and economy.

Red Wings Nose Out Maywood Team

In one of those games that is often read of in books or seen on some movie screen, one that is won in the last minutes of play, the Arlington Red Wings nosed out the Maywood team last Sunday afternoon by the close score of 6 to 5.

Schaefer pitching for the Red Wings, pitched a good steady game of ball, allowing 9 hits and had 12 strikeouts to his credit.

Kohn on the mound for Maywood also pitched a good game of ball, allowing 7 hits and had 14 strikeouts to his credit.

The Red Wings drove in two runs in the first inning. Dobbins on an error a hit by Bolte, Willett on by a walk, W. Meyer on by a walk and a hit by Pitzen.

Maywood came back with three runs in the second on hits by Britch, Erb, and Kohn, Conrad being safe on an error.

The Red Wings went ahead again in their half of the second on a walk to A. Meyer, a hit by Dobbins, Bolte struck by a pitched ball and a hit by Willett.

One more run was scored by the Red Wings in the third on a walk to Pitzen, who scored on a double by Schaefer, bringing the score to 5 to 3 in favor of the Red Wings. Maywood tied the score, making it 5 to 5 in the fifth on hits by Grandal, Kessel, and a double by Conrad.

The score remained tied up until the ninth neither team scoring from the fifth inning.

With Maywood unable to score in their half of the ninth, the Red Wings put over the winning run in their last half of the ninth on a walk to Bolte, W. Meyer on by a walk and Pitzen driving out a hit to left field and putting another one in the bucket for the Red Wings. Final score, 6 to 5 in favor of the Red Wings.

On next Sunday afternoon the Red Wings will meet the strong Chicago Red Sox and the Red Wings will have to put up a stiff fight to keep up their winning streak.

Now fans only a few more games left before the Red Wings close another season, so let's go, everybody, be out there strong again Sunday afternoon and help the Red Wings beat the Red Sox, 3 p. m. sharp Sunday at the Red Wing ball park.

Alderman Framberg To Take a Vacation

It is hard to convince an alderman, but harder to convince his wife. "You telling me?" So say friends of Alderman Framberg, whose friends have been telling him several weeks that he should take a vacation. Finally, the friends had Mr. Framberg convinced and then the job was to convince Mrs. Framberg. After hinting about it two weeks and talking about it ten days, the alderman's wife finally gave her consent and Mr. and Mrs. Framberg left Arlington Heights last night for Washington and Annapolis in company with Mr. and Mrs. James Carroll, of Des Plaines. Gus says that he is not going to tell Roosevelt how to run this country, but if he sees any of that easy money that the government around Washington is talking about, he will bring some home with him. Erna, the old clerk with Mrs. Roy Harris, will be behind the counter while the boss is away.

when Gas Heat ends furnace drudgery forever

To prove that every home can afford to heat with Gas... we will install it at our expense and remove it at our expense, if you don't like it.

THE old coal shovel. That's one thing you'll never regret selling or even giving away. You'll never be sorry that shoveling coal and hauling ashes are things of the past. Gas heat ends all furnace drudgery. A single match is your kindling pile. Gas is always on tap and you pay for it after you use it.

Gas heat ends dirt

The dirty coal bin, where dust and grime collected to be spread over the entire house is gone forever when you install gas heat. No more soot and grime—no more tracking up the house—no more dirt-streaked walls and curtains. For when spotless gas heat comes in—endless dirt goes out for good.

Let us install gas heat in your home. Learn by experience its many benefits. All homes—even the most modest—can now afford it. The cost of gas at the new low rates is just half of what it was in the season 1930-31.

We take the burden of proof
To prove it—we take the full burden of

proof—we'll install it in your home without your making one cent of investment. Then you'll know from your own experience whether you can afford gas heat or not.

During the nine heating months of the first year you pay \$3.00 a month rental for the equipment in the average home. This charge will be included with your gas bill. And if for any reason during the first year you want it removed, we take it out and the rental charge stops immediately. Further, we replace your former heating equipment in good workmanlike order. If you decide you want it, the rental applies on the purchase price.

Banish heating worries

Decide now to end days and nights of back-breaking coal shoveling...dirty hours of hauling ashes...nuisance of chopping kindling...anxiety of setting dampers and waiting for heat to come up. Install gas heat and fire your furnace from your easy chair. Mail the coupon for complete information.

Now in effect

**Merle Guild Unit
Legion Auxiliary
Has Entertainment**

The Merle Guild Unit Legion Auxiliary entertained the Legionnaires of the local post at a bridge, pinochle and five hundred party at the Legion House on Tuesday, Sept. 19.

Bridge honors went to our newly elected president Mrs. Pauline McElhose. After an adding machine was brought in to determine the five hundred score of Mr. and Mrs. Arnold Forsen the men of the house won and with flying colors

took his prize. Our pinochle shark, Mr. Warren Parker, went home with the prize for pinochle. Mrs. John Schewlow was the happy recipient of the door prize which was enjoyed by many.

The lovely quilt which the auxiliary sponsored was won by Mrs. Ida Sieburg.

Choice refreshments consisting of potato salad, wienies and home made cookies were served. Mike Browne suggested that the ladies of the committee be given a rising vote of thanks, and said he hoped that parties of this kind would be given every day. The ladies have a staunch supporter in "Mike."

Just a little reminder about the National convention. Get your registration in as early as possible. If you desire to register get in touch with your president at once. More information about the National convention will be given in the next issue.

WHEELING

Miss Ernestine Blistan of Monaca, Pa., who spent the summer here with her aunt and uncle, Mr. and Mrs. Anton Mayer, recently returned to Pennsylvania to resume her studies.

Mr. and Mrs. Jesse Tesch motored to Dubuque, Iowa last week, remaining several days.

Mrs. Hy. Hartmann was called to Michigan last week because of the illness of her sister-in-law, Mrs. Rhiney Periolat, who passed away on Saturday evening. Mrs. Periolat was known to many hereabouts, having lived in this community years ago. The body was brought to Illinois for burial.

The Ladies' Aid Society was invited to meet with Mrs. J. Schwingel at the home of her daughter, Mrs. Russell, at Deerfield, last Thursday.

With the annual election of officers of the Achievement club of Wheeling school but a week off, school politics are engaging all of the surplus time of the pupils. Two parties are promoting candidates for election, each with their campaign committee. The following are candidates of the Pupils' Choice Party: President, Richard Utpadel; vice president, Marilyn Miller; secretary, Peggy Bingham; treasurer, Dolores Keimer and their committee consists of Carl Bell, chairman and Helen Mykytink, Arthur Miller, Lorraine Mellenkamp. The Greater Achievement party present the following candidates: President, Rollin Bubert; vice president, John Paulovic; secretary, Vera Forster; treasurer, Jessie Hartmann. Their campaign committee is headed by Alfred Krueger with James Utpadel and Hudson Holtje assisting. Each party has drawn up a platform of progressive activities for the coming term. May the "best party" win and the whole school get under the combined platform and lift.

A card party for the benefit of the Wheeling public school will be held next Wednesday evening, Sept. 27, at the school house. Admission will be 25 cents, which will include refreshments. Everyone is invited.

RAND ROAD SPIRITUALIST CHURCH

Rand Road Spiritualist church O. O. F. S. held its regular meeting on Friday, Sept. 15. Services were in charge of Mr. C. E. Dietrich of Chicago, who delivered an inspirational talk on "Why We are Spiritualists," and created much favorable comment. Regular message and healing services were conducted at close of sermon. The attendance is growing and much interest manifested in the entire program of services as given by Spiritualists. Regular services held this Friday evening at 8:30. You are welcome.

to manage the country, etc., etc. But—I do want Mr. Hewson to know that there are thousands of churches scattered thruout the land, who are fulfilling their divinely appointed religious tasks. They are ministering to heavy human hearts by throwing the light of the Gospel into the darkness of human sin, bringing comfort to the sorrowing, spiritual strength to the weak, and training their members in upright warm-hearted living.

Of course, Mr. Hewson is blind to the influence for good radiating from these Bible churches, but whether their contribution to human welfare is recognized or not, they are still a "very vital force in the world." They are still keeping the lamp of faith burning in a doubting world, and without faith life becomes empty and meaningless. They are still softening the blows of an evil life, drying tears of sorrow and removing the sting of death with the refreshing teachings drawn from the Bible. They are still training schools for neighborliness and good citizenship and thus they are bulwarks against vice and crime, holding a civilized social order intact against the destructive pressure of communism and social degeneracy. All this, however, is meaningless to this bitter critic of the churches. His prejudices have magnified the faults of the church to such proportions that he can see no virtue, no good in anything the church stands for.

After all, we are not chiefly interested in defending the churches, but as followers of Christ we are determined to defend his religion against the attacks of unbelief. Essentially, Mr. Hewson is an opponent of Bible Christianity and that is the nub of our grievance. His statements plainly reveal that he neither understands the Christ of the New Testament nor the religion which he revealed as the divinely sent Teacher. According to his ideas, Jesus is merely one religious leader amongst many, for he places Him on the same level with the heathen philosophers, Gautama and Confucius. This is a clear denial of Christ and a repudiation of Christ's own claims. Read your Gospels, Mr. Hewson, and note the exclusive place he demands for Himself in religious betterment and salvation of the world. Hear

Him declare: "I am the Light of the World," John 8, 12—"I am the Way, the Truth, and the Life; no man cometh to the Father but by me," John 14, 16—"I am the Door; by Me if any man enter in he shall be saved," John 10, 9—"As Moses lifted up the serpent in the wilderness, even so, must the Son of man be lifted up, that whosoever believeth in Him shall not perish, but have everlasting life," John 3, 14, 15—"If ye continue in my words, then are ye my disciples indeed, and ye shall know the truth and the truth shall make you free," John 8, 31, 32.—

We are tempted to quote more, but space forbids, and we must plead with Mr. Hewson to continue the research for himself. If he will approach God's Truth with a humble and a contrite heart, the Holy Spirit will lead him on the path of Truth and free him from error and prejudice. In the Light of Scripture he will see Christ, not as one teacher amongst many, but the One Great Divine Teacher of Truth, not as one Savior with others, but as the only Savior of sinful humanity. This is the teaching of all true Christian churches today: "No light, no hope for a sin-darkened soul outside of Christ!"

In the face of these facts, we emphatically repudiate the radical charges advanced by Mr. Hewson. Religion is not dead, but very much alive in the faith and the life of Christian people. The Truth did not die with Christ, but is firmly established in the Bible and preached from Christian pulpits today. Christ is not a teacher of Truth but the Teacher of Truth sent by God according to His own claims. The churches are not "racketeering organizations, but institutions of service, providing struggling man with the guidance and help he needs. True Bible churches are still a very vital force in the world today working to keep the breath of life in the corrupt body of human society.

And as for the future of the church, we are unworried, for we have the assurance of our Great Head: Upon this rock of truth, I will build my church and the very gates of hell shall not prevail against it! Heaven and earth shall pass away but my words shall never pass away!"

And that is enough for us.
Harry C. Fricke,
Pastor, St. Peter Lutheran Church.

**"Melody Cruise" Spicy
Musical Film Offering**

In a luxurious stateroom on a great ocean liner, a philandering husband is in the snare of two chorus beauties. A heavenly situation—until the bosom friend of his wife found out about it!

Such is one of the breezy predicaments confronting Charlie Ruggles in RKO-Radio Pictures' musical movie, "Melody Cruise," coming to the Arlington Theatre, Sunday, with Phil Harris, Greta Nissen and Helen Mack also in the featured roles.

Ruggles' problem is but a highlight of the frivolous tale. Harris, playing his millionaire playboy friend, insures his immunity from marriage by describing Ruggles' profligacies to his wife in a letter which is to be opened only in case of his marriage. Ruggles, liable for Harris' marriage, promotes embarrassing situations when his friend actually falls in love. Eventually, he fails, but encounters his greatest hardship in trying to retrieve the revealing letter from his wife.

Others cast are June Brewster and Shirley Chambers as the two chorus girls, Chick Chandler; Marjorie Gatenos as the wife; and Florence Roberts as the sniping friend of the wife. Mark Sandrich directed "Melody Cruise" with a musical accompaniment which embodies four new melodies especially written for the picture.

A RUMMAGE SALE
Our Woman's Aid, still on the trail of church debts, plan a rummage sale; One has something of which she tires; Another that same, much admires; From A to Z, all down the range, Indexed they bring them to exchange; And here are dealers who will top These sales such as the Emerald Shop. Maybe some fragments still left o'er, From clearing sales at Davis store. You, good folks, who go to the Fair, Come back this way our fun to share; You'll own the Fair nothing displayed, Quite equaling this Woman's Aid. You'll find a smile in every budget, Just pay the price you won't begrudge it! Be sure you set down the right date, September 27 and eight.

Our Cottons are Hardy
Perennials That Keep
Blooming Right into Fall

ROSES may fade and trees shed their leaves, but our cottons keep right on blooming. True, they change their colors a bit, and pinks change to rust, and niles change to deeper greens, but that makes us like them all the better for fall. Those women who spend a portion of every day of their lives in cotton rejoice in these dresses . . . that are more than house frocks. They're new and cheerful . . . a bright spot in any home.

PIRATES TRIM NILES CENTER ON GRIDIRON

Megel's Team Makes Good Showing Before Fall Festival Crowd

Pushing over touchdowns in the second and fourth periods, Palatine trimmed Niles Center 12 to 0 to open the 1933 gridiron season here Saturday. A large fall festival crowd saw the pirates flash unexpected strength and give evidence that Palatine will have the best team in several years.

The Pirates outplayed Niles in every department of the game, out-gaining them from scrimmage 146 yards to 63 and marking up seven first downs to the visitors' four. Krambler's punting was a prominent factor in the victory with a 35 yard average as opposed to 28 yards for Niles Center. A smooth working, veteran backfield gave Palatine the edge which forced their opponents on the defensive all through the last three periods.

DePue Scores Touchdown
After Niles kicked off to start the game the teams played on even terms throughout the first quarter. Early in the second period Krambler got off a long 55 yard punt to the Niles 12 yard line. Niles was forced to kick against the wind and Palatine received the ball on the 34 yard line. Krambler and DePue hit the line for 12 yards and first down but a fumble was recovered by the visitors who immediately kicked out of bounds on the 33 yard line. After a pair of tries at the line Reuse passed to Krambler who dropped the ball and on the next play passed to Philbin over the goal line, but again the pass was incomplete. Niles took the ball on their own 20 yard line but after failing to gain on two plays fumbled and Palatine recovered 12 yards from the goal line. On the first two plays DePue and Tudyman failed to gain, but quarterback Reuse slashed off his own left tackle for 9 yards and DePue hit the same spot for a touchdown on the fourth down. Krambler's attempted place kick failed. Soon after the kick off the half ended with the Pirates out in front 6 to 0.

The third period saw Niles turn in the longest run of the day with Barr, right end, taking the ball after a fake line plunge and circling his own left end for 22 yards. Aside from this one long run, Niles show nothing in the way of offensive play during the last half.

Stage Touchdown March
Palatine did not threaten the Niles Center goal in the third period but as the last quarter opened Reuse intercepted a pass on the visitors' 45 yard line. From this point the Pirates demonstrated some classy ball carrying and fine blocking to take the ball over the goal line on eleven plays. Krambler went over for the touchdown from the two yard line after DePue had made it first down at that point with a 9 yard smash. Schwartz replaced Krambler in the backfield but failed to make the kick for point good from placement.

Palatine started another march

Touchdowns: DePue and Krambler.

Total passes completed: Palatine, 0; Niles, 2.
Total passes incomplete: Palatine, 2; Niles, 6.
Plays intercepted by: Palatine, 1; Niles, 1.
Fumbles: Palatine, 1; Niles, 1.
Penalized: Palatine, 10 yards; Niles, 10 yards.
Number punts: Palatine, 5; Niles, 6.
Total length of punts: Palatine, 173 yards; Niles, 167 yards.
Average length of punts: Palatine, 35 yards; Niles, 28 yards.
Officials: Referee, P. W. Vervoet; umpire, R. A. Kay; head linesman, J. L. Grose.

MAC Says:

Warren High of Gurnee has the unusual distinction of helping three schools open their conference grid seasons this year. Palatine journeys to Gurnee Friday for the first game and the following week Barrington opens on the Warren gridiron. Then October sixth Arlington entertains Warren in the first tilt for the Cardinals.

This season may see a break in the string of conference football championships piled up by the Libertyville Wildcats. Jack Martin will have a green team this season with but four lettermen. Warren, Arlington, Harrington and Leyden are the teams which may oust the Wildcats from the top. These four teams meet Libertyville on successive Fridays starting October 13. Another point to consider is that Libertyville plays only these four conference schools while they each have six loop games.

John Tudyman, Palatine right half, made one of the most unusual recoveries of a fumble in the Niles Center game that the writer has ever seen. Receiving the pass from center which was low, John juggled the ball from one hand to the other around between his legs and came up with the oval, going at top speed for a seven yard gain.

Antioch has decided not to have a football team this season. We don't know why they are dropping one of the best sports in the competitive field, but the reason that will be given is likely, financial difficulties. We would be willing to wager that the reason is not lack of interest on the part of the Antioch boys even if that school is experiencing some lean years on the gridiron. Football costs more and shows a smaller income than some other high school sports, but to our way of thinking it develops some many qualities in boys that the other sports cannot impart to the same degree.

Coach Grose of Arlington is not optimistic over his football prospects but we believe any coach in the conference would be willing to trade backfields with him. Arlington has a track backfield. The Szasz brothers have placed in dash entries in the conference track meet both in 1932 and 1933. Koelling was 220 yard dash winner and individual high scorer in the meet last spring. Rolling won the half mile title in record breaking time last spring. All four men are veteran football players and two of them are playing their fourth season. Of course it takes more than speed to make a good player, but most of the teams could use considerably more than they have.

To our way of thinking the punt that "Howie" Krambler uncorked at the start of the second quarter was the deciding play of Niles Center game, if any one play can decide a contest. That 55 yard boot was perfectly placed and gave Palatine a chance to score a few minutes later. If you recall the Pirates outclassed the opposition after that score was made. It gave the team

greatest assets to athletic success or success in any line.

We saw some good officiating in that game Saturday and the men who work it were not high priced experts from the city either. Vervoet as referee and Kay the umpire were from the Palatine faculty while headlinesman, Grose, directs the athletic destinies of our neighbor, Arlington Heights.

Bensenville Second Football Team Has Good Schedule

There will be plenty of games for the second football team of Bensenville high school. The first game will be Sept. 29, with Arlington Heights at Bensenville. Oct. 7 they play Leyden seconds, there; Oct. 13, Arlington seconds there; Oct. 20, Barrington seconds at Bensenville and Nov. 4, Leyden at Bensenville.

The schedule of the regulars follows:
Friday, Sept. 22—York B. team here, first adm.
Saturday, Sept. 30—Niles Center, here.

Friday, Oct. 6—Palatine, here.
Saturday, Oct. 14—Arlington, there.

Saturday, Oct. 21—Barrington, there.
Friday, Oct. 27—Warren, here.

Friday, Nov. 3—Palatine there, non-conference.
Friday, Nov. 10—Leyden, there.

Lineups:
Left End—Guthrie, H. Steele.
Left Tackle—Mason, H. Wolf, F. Plumb.

Left Guard—Berg, Schmid.
Center—Christensen, A. Davis.
Right Guard—Hartman, Hindenberg.

Right Tackle—O'Keefe, McIntyre.
Right End—Small, E. Imwie, N. Kouzmannoff.

Quarterback—Jennings, Freeman.
Left Half—Koske, Hunt.

Right Half—E. Davis, W. Wolf.
Full Back—Patzke, Brettman.

Basketball Managers Meet to Discuss State Tournament

A meeting of managers of basketball teams will be held at 155 N. Clark street, Chicago, Room 320 at 8 p. m., Monday evening, Sept. 25. A general invitation is extended to all team managers to attend this meeting as rules and regulations will be discussed. Men running local leagues will find special interest in cooperating with the Illinois State Basketball association.

With the season for summer sports rapidly drawing to a close, interest in basketball is already very high. A huge number of entries is expected in this state-wide cage classic, which will include teams in all weights, both men's and girls' divisions.

Tentative plans provide for each team to play in a season schedule, including a double round-robin, which will culminate in play for state titles in fifteen divisions.

Beautify Every School Yard!

(Continued from page 1)

trees and shrubs they helped to plant and are now a part of a beautiful and harmonious design.

It may also be possible for our school children to persuade our various park commissioners to grow thousands of seedling plants in their propagating green houses, for free distribution among the school children. These are to be planted on the school yard for educational purposes.

In summing up this initial appeal, we have three divisions of community improvements:

1. School yard beautification.
2. School vegetable garden.
3. Home yard gardening.

The school yard beautiful should inspire and influence the parent to beautify his home yard. Beside these beautiful school yards will inspire the child attending the school to love, appreciate and know trees, shrubs and flowers. Plant life will become a part of his life forever. Then too, a beautiful school yard will develop a community pride that will awaken the home owner with a determined desire to beautify his home yard until the entire community becomes attractive and a desirable place to build or rent a home. All this will increase real estate values, enable the property owner to pay his taxes and increase school revenues.

It is one thing we can do as an educational contribution to help the present conditions of our outlying communities. If it is an added task remember nothing is so satisfying and creditable as the achievement of a difficult task under adverse circumstances. Wherever a start is made and can be made, we will help to carry the work to a successful conclusion. Any small beginning kept going will soon be recognized as a worthwhile effort.

A teacher with whom Mr. Aken discussed this program, made the following comment. "A marvelous undertaking, but it will take years to beautify every school yard." "That is just what I am thinking of," Mr. Aken smilingly replied. "I am thinking of what the effect will be in the years to come."

Mr. J. H. Pros telephone Long Beach 4073 has been engaged to direct and supervise this work. His training and experience covers a life of gardening. Having a degree in Landscape Architecture from the Michigan State College, he worked as a landscape gardener in our Chicago Parks—because Chicago's City Forester directed the War Garden Campaign during 1917 and 1918, has edited several publications on gardening and has contributed many newspaper articles covering the entire subject of City Forestry School Gardening and Home Yard Beautification. His services are at your command.

Harvesting Maple Sap
Maple sap which looks and tastes like sweetened water, drips from metal spouts inserted in holes bored in the east and south sides of the trees. Some of the old-time farmers still use wooden buckets handed down from their grandfathers. A barrels of sap, 31 gallons, yields one gallon of sirup and this can be transformed into eight pounds of sugar.

Comparative Costs of COAL and GAS

Note: The following figures are obtained with the aid of government reports and are self explanatory. The price of coal given therein may vary in some localities but is relatively correct.

Estimate of Year's Heating Costs in a Home Requiring 10 Tons of Coal

SUBURBAN GAS RATE

To the gas rates has been added 1 cent per Therm, the approximate extra cost of the conversion burner at \$3 a month. 2,100 Therms of oil and gas, annually, are compared with 10 tons of coal. This is based on the most conservative U. S. Government figure giving coal only a low 50% efficiency, approximately, and gas (with conversion burner), the very liberal efficiency of 65%.

First 5 Therms\$23 \$9.20 Third 20 Therms\$16 \$25.60
(Monthly for 8 months) (Monthly for 8 months)

Second 10 Therms\$22 \$17.60 Balance 1820 Therms\$08 \$145.60
(Monthly for 8 months) (Monthly for 8 months)

Cost to Heat by Gas, home using 10 tons of Coal\$198.00

10 tons of Anthracite Range\$14.10 \$141.00

10 tons of Pocahontas Egg\$10.50 \$105.00

10 tons Pocahontas Pea\$ 7.95 \$ 79.50

10 tons of Pocahontas Mine Run\$ 7.45 \$ 74.50

Remember, in addition to the big money savings on coal, there is no safer fuel; no substitute gives as dependable, quiet or even heat. If you want automatic heat, it is available for coal at no higher cost than burning equipment for more expensive fuels. Above prices as of September 1, 1933.

Chinchilla Fur
 Chinchilla fur is the coat of a
 small South American rodent with
 a body about one foot in length and
 a six-inch tail. It has many points
 in common with the squirrel family.
 The animals are found in South
 America and are of three separate
 species. Many thousands of these
 little animals are killed every year
 for their valuable pelts.

Daniel and Noah Webster
 The relationship between Daniel
 Webster and Noah Webster, if any,
 has never been established. Records
 show that Daniel Webster, the
 statesman and orator, was born at
 Salisbury, N. H., January 18, 1782,
 and was descended from Thomas
 Webster who first appeared in Wa-
 tertown, Mass., in 1638; and that
 Noah Webster, of dictionary fame,
 was born in Hartford, Conn., Oc-
 tober 16, 1758, and was descended
 from John Webster, one of the first
 settlers at Hartford, in 1636. But
 there is no known relationship be-
 tween the two.

Maybe He Will Finish Them
 A London scientist is trying to
 find the skeletal weight of insects.
 He exposes them to different con-
 ditions of dry and moist atmosphere,
 determining what kind of exposure
 does them the most harm.

Child Should Not Be Scared
 The normal child is born with few
 natural fears and the wise parent
 safeguards a child against acquiring
 fears.

Wolf, Miss Myrtle Frey and Mrs. E. M. Luckner attended the Arlington Heights O. E. S. Chapter's Advanced Officer's Night. Mrs. Frances Thorson was conductress for the evening and we, the members and friends of Mt. Prospect, wish for her a very pleasant year to come.

Mr. and Mrs. Charles Pankonin, Mrs. T. Thorson, Mrs. E. M. Luckner, Mrs. P. H. Frey and Miss Myrtle Frey attended Palatine O. E. S. Chapter on Friday evening. Mr. and Mrs. Pankonin served as associate matron and associate patron.

Mrs. C. Herman of Elgin were luncheon guests at the home of Mrs. P. H. Frey on Tuesday.

Mrs. Arvid Carlson entertained at a luncheon and bridge Thursday.

The Mt. Prospect Legion Auxiliary will meet Monday, Sept. 25. Mrs. Rosine Kent, 12 W. Busse avenue will be the hostess.

The Junior Auxiliary will meet Friday evening at the home of Miss Patricia Ridings at 7:45. Election of officers for the coming year to take place.

Mr. and Mrs. J. F. Bernhard were guests at the Cook County Council inaugural ball held at the Medinah Club Thursday evening.

Mrs. Smeby of Northbrook, N. Dakota, is spending a few weeks with the R. Smeby family.

Miss Alice Mueller attended the birthday luncheon of her sister-in-law, Mrs. Walter Mueller of Jefferson Park, on Saturday.

Mr. and Mrs. T. Thorson entertained their bridge club on Saturday evening. After playing cards, delicious refreshments were served by the hostess. Prizes went to Mrs. W. Lahtinen, Mr. E. M. Luckner and Mr. E. T. Wolf.

Mr. and Mrs. H. W. Flinn spent Sunday evening at C. Verret home.

Miss Myrtle Frey and nephew, Robert Luckner attended the Century of Progress on Saturday.

Mr. and Mrs. H. Flinn of Irving Park were callers at the H. W. Flinn home on Friday.

Mr. and Mrs. Chas. Pankonin, Mrs. Otto Herman, Mrs. P. H. Frey and Mrs. E. M. Luckner attended worthy matrons and worthy patrons night at Edison Park Chapter O. E. S. on Monday evening. Mrs. Pankonin served as marshal and Mr. Chas. Pankonin served as treasurer.

Mrs. G. R. Wolf took Mr. and Mrs. T. P. Wolf home to Lowell, Wis., after spending a week in Mt. Prospect visiting their sons and families, Emory Wolf, G. R. Wolf and Ernest Wolf.

The St. Paul Christian Day school boys and the public school boys held their first football practice game on the baseball diamond at Owen and Busse avenue Tuesday.

Mrs. J. Bernhard was hostess to twenty American Legion Auxiliary District officers at a luncheon on Wednesday. The guest of honor was Mrs. Clara Lowden, District director. Mrs. Lowden has been District Director the past year.

We are sorry to hear that Bobby Wolf, son of the E. T. Wolf's is still confined to his bed.

Mrs. F. Morris of Chicago and Philadelphia, was a week-end guest of the Frey's and Luckner's.

Mrs. H. W. Carlson of S. Wille street, was hostess to the American Legion Auxiliary Board members on Tuesday evening.

Sunday, V. F. W. parade starting from village hall at 2:15 p. m. Don't miss it.

Mr. and Mrs. J. Bernhard attended the installation of officers of Mel Tierny American Legion Post and Auxiliary on Tuesday evening at Park Ridge.

Miss Myra Gromoll took part as maid of honor at the wedding of a friend in Berwyn, Saturday.

Johnny Wolf's little sister had the misfortune of falling down stairs and biting her tongue severely.

A meeting was held on Tuesday afternoon at the home of Mrs. S. Hoods, the chairman of the Woman's Club Art and Literature department, preparing for the formation of a club for the study of literary topics along the line of the program of the State committee of this department of the Federation of Woman's clubs. The plan is to include in the program of the contemplated club, some study of Better English and Effective Speaking, with reviews of current good literature and art. A very interesting program was proposed for the first meeting to be held some time during the first part of October. There has been quite a demand for activity of this kind and it is expected that the programs will prove popular with the members of the Woman's club.

Mount Prospect Post No. 525 American Legion

The new officers of Mount Prospect Post were nominated on Monday night, and at next regular meeting the election will take place. At this time we are not going to name the candidates, but will give all the new officers' names in next issue after the election. The new commander is a real go-getter and we believe action will be one of his new ideas for our Post.

Remember, Oct. 16, 8 p. m. at Northwest Hills Country club for the free installation. We will have a further report on this affair after next post meeting when the committee reports back to the post its plans.

The annual dance will be held Nov. 11, at Northwest Hills Country club and we ask that you celebrate Armistice night with us. This is a Saturday and will be a fine time for very little expense.

One of the outstanding events of the year is being planned by the Ninth District at Hines hospital on Sunday, Oct. 22. This will be a dedication of forty-eight Red Maple trees supplied by the Ninth District for what will be known as Legion Lane. One tree will be named for each state. Present plans are for many governors to be present, every outstanding Legionnaire and Drum and Bugle corps. Save Sunday afternoon, Oct. 22, for this affair starts at 2:30 p. m. More on this later.

Tickets can be purchased for the National Convention Parade and Drum & Bugle Corps finals at 105

So, Dearborn street. This is convention headquarters. Just a little over one week to the greatest spectacle in the history of Chicago. Get ready, don't miss this.

Woman's Club To Meet Tuesday

An announcement has been made that a meeting of the Woman's club board will be held at the home of Mrs. Ella Hauptly on Tuesday afternoon, Sept. 26, at 2:00 p. m. This is the regular monthly meeting of the board.

Girl Scout Meeting

The Girl Scouts will meet in the school basement Wednesday evening at 7 o'clock. Miss Margaret Helwig is the troop leader.

V. F. W. Auxiliary To Make Jelly

Will Parade in Uniforms Sunday Afternoon

The Ladies' Auxiliary to Prospect Post No. 1337, Veterans of Foreign Wars, held their meeting at the home of Mrs. D. Schramm last Friday with a large attendance.

Several bushels of grapes have been ordered and this week the ladies will make grape jelly to be used at the Elgin hospital. This will be included in our fall jelly drive.

Wednesday afternoon of this week is devoted to sewing at the home of Mrs. W. Genrich. The ladies will be kept busy sewing window drapes to be used at the new V. F. W. club house.

All members are to wear their uniforms and caps and join in the V. F. W. parade at 2:15 at the Village hall Sunday afternoon, Sept. 24. Those not possessing uniforms are asked to wear light colored dresses if possible. Every member should join the post in their dedication ceremonies.
